*Garden of Boutique Homes*  
**DURVA GREENS**

from  
where  
the

luxury  
begins

KHP commenced its business operations in 2004 in New Delhi, and established its first project, a mini-township scheme at Guwahati, Assam, in the north-east region of India in 2005.

KHP'S sole aim is the creation of people-centric housing properties across India.

In its formative years, KHP has successfully built a well-knit management team that has the collective vision, drive & motivation, commitment and coherence to take the company through its aggressive growth plans. A process driven organization, KHP has built strong internal capabilities and systems.

Team KHP has over 75 years of collective experience in real-estate, architecture, finance and project management.

The KHP team believes in keeping people's needs at the core of its designs and planning. Its idea is to cater to contemporary lifestyles by not merely creating beautiful spaces, but by creating environments which are conducive to taking pressure off the demanding lifestyle that we lead today.

*In **Indulgent Spaces** where Privacy is not compromised, wallow in the feel of an Independent Home.*
