LAYOUT PLAN

Treasure of greens. For you alone.

Quiet and away from the precincts of urban life, we present a collection of open plots. More than anything else, you'll feel like you have bequeathed a part of nature's fortune. Carved out of a land of 25 acres. **Green Orchid** is home to 226 open plots. Open for your ownership are tracts of land between 244 square yards and 600 square yards. Now it's up to you as to which pie of this expensive land you would like to put your name on.

At **Green Orchid**, you can plan what you would like to see on your plot in the future. An independent villa, a weekend getaway, or a garden for farming. Whatever you choose to make here, you shall be surrounded by innumerable green houses and an oxygen-rich park nearby.
