

THE GATES OF EDEN ARE NOW OPEN.

*Collaborate
County*

The Gates of eden are now open.

Collaborate County

Collaborate County plans to offer its prospective customers open layout spread across 22 acres, 239 plots Collaborate County captures your imagination right from the moment you enter the gated community. As your eyes taken in the lush green views through grand and wide entry gates, you are transported to a world that closely resembles Garden of Eden. A combination of 60 ft x 40 ft road adorns the community making each plot easily accessible, no matter where it is located. The roads are traffic-friendly, designed to avoid traffic congestions.

The gated community is designed in a way to give its prospective customers open spaces like parks, open grounds, play area and a walking trails that promotes healthy lifestyle among its residents. All essential connections like electrical connections, sewage connections, and water supply through overhead tank will be drawn till each plot. Underground power cabling and water harvesting structures are a standard feature.

Collaborate County is strategically located at Shabad, putting you within ready reach of all civic needs and amenities.

PROJECT HIGHLIGHTS
