## The Legacy behind Care.

Antara was conceptualized in 2010, fuelled with the vision to be the most admired brand for seniors and their families. We took inspiration from our parent group – Max, and its strong ethos of 'sevabhav,' credibility and excellence.

Max Group is well-renowned for its commitment to nurturing the businesses of life. It has incubated and successfully built iconic brands like Max Life Insurance, Max Healthcare and Max Bupa, which have created benchmarks in service excellence, creating a positive social impact and enriching the quality of every life they touch.

Our unique endowment and lineage of healthcare, insurance, hospitality and real estate encouraged us to broaden our vision - to become a platform with a host of lifecare, lifestyle and hospitality offerings, tailored to improve and enrich the quality of life for seniors.

Our first step in this journey was to create a one-of-its-kind, residential community at Dehradun, which is now flourishing with many families, living an active and engaging life in the company of likeminded people.

We, at Antara, take pride in carrying Max Group's legacy of Care forward.

## The Antara Story.

Our name - Antara, is derived from the Sanskrit word "Antar," which means "the difference." It became a source of inspiration for us.

Our logo with "three mandalas" represents the mind, body and soul. It symbolises the cosmos in a perfectly harmonious state.

Our vision is to be the most loved and trusted brand for seniors and their families, by helping these seniors improve and enrich their quality of life. With this vision, we set ourselves the mission to understand and respond to their evolving needs and desires through a perfect blend of lifecare and lifestyle offerings that delivers a comprehensive and seamless experience.

The fast-changing social fabric and a steep rise in the concept of nuclear families compelled us to address to the need of creating an eco-system that provides care, companionship and comfort to our seniors.

At Antara, we want our seniors to look at life as they get older as a new beginning to hassle-free living; in the care, safety and security of our expert team. Driven by our philosophy of genuine spirit of care and an acute eye for detail, our endeavour is to create an environment where they feel free to reflect and reconnect with themselves while enjoying the company of likeminded people. We call this the Antara Way of Life.

# Antara Pillars of Wellness.

At Antara, we understand your need to feel independent, yet genuinely cared for at the same time. Promising to look after you like one of our own, our approach to your well-being goes beyond just physical health to a perfectly balanced care of mind, body and spirit.

Designed to cater to every aspect of wellness, we believe it adds to your complete wellbeing. In the Activity Zone, you can spend time playing cards with friends in the lounge, watch interesting plays in the theatre, indulge in hobbies at the workshop or catch up with your favourite authors in the reading room.

And for a more holistic well-being, we encourage you to take up yoga sessions or look after your health in our fitness and physiotherapy studio and lifecare suites. That's not all. # Realising the Antara Dream.

Let's hear from the ones who envisioned Antara, bringing it to life and the ones who make it a community.

Tara Singh Vachani, Executive Chairman, Antara Senior Living proudly shares, "Antara began with a dream. To create a world that energises you to live like you have always wanted to and empowers you to embrace your true self. This is what Antara stands for and all that we want to provide you with. Coming from our parent company- 'Max,' it seemed only natural for us to imbibe their values of 'sevabhav', excellence and credibility to build another iconic brand in the business of life. Antara strives to provide you with a holistic, comprehensive and quality lifestyle."

Rajit Mehta, MD & CEO, Antara Senior Living further added, "Our endeavor is to create an integrated ecosystem providing a blend of lifestyle and lifecare offering to seniors and ensuring a comprehensive and seamless experience. The first step was to create one-of-its-kind independent residences for Seniors which we accomplished with our first community at Antara Dehradun, where we delivered more than what we promised. Our upcoming project in Noida, Sector-150 is designed keeping in mind all our learnings from Dehradun with an emphasis on living a modern life with all the urban amenities. The idea is to encourage our seniors to live a life they have always deserved, on their own terms."

Sharmila Tagore, Film Artist and Board of Director, Antara Senior Living also added, "Senior living is a common concept in the west. However, in our country, it is still a taboo. Antara is helping create a positive perception of living life independently as one gets older by building these new-age communities where residents can connect with themselves and likeminded people, feel healthy and live well."

Ashish Loach, General Manager Antara Dehradun, also shared, "At Antara, everything we do is directed towards a single objective, to make life more fulfilling for our residents. Our thorough research and study from around the world helped us gain perspective and explore different possibilities to design a community where we enrich and enhance the lives of our seniors. We proactively curate various events and activities throughout the year, to engage and keep them up to date with a social calendar they have always been used to."

Bradford Perkins, Principal Architect Antara Dehradun and Founding Partner Perkins Eastman said, "The opportunity to design a first-of-its-kind independent community for seniors in India was very special. What made this experience even more unique was the combination of a very beautiful site and a client with a vision to deliver more than what was promised. The idea was to design a community that is sensitive to the environment and friendly with its residents. Antara Dehradun was envisioned and crafted to align itself with the physical, spiritual and emotional needs of all its seniors."

Mrs. Saroj Rakyen, Resident Antara Dehradun said, "All my friends said, why are you going to Antara? You have everything going here. But now the same people are saying, Saroj you took the best decision at the right time. Moreover, I was an asthma patient in Delhi. But since I have come here, with all the care and fresh air, I have not even needed an inhaler."

Mrs. Rao, Resident Antara Dehradun said, "Our daily worries have vanished. I used to fret about cooking and running a kitchen—I still run a kitchen and cook – but we also have the choice of eating at The Club whenever we want to. I used to paint many years ago and have even won awards for the same. Now, I'm taking art and painting classes and really enjoying those".
