Krishna Estate Developers (KED) is a team of widely experienced Real Estate Professionals. They bring with them the expertise of dealing with the various aspects of planning, organizing, implementing and monitoring the real estate projects. They also recognize that each individual's need for housing is unique and thus needs to be guided in a manner to fulfill his dreams.

KED's strength lies in its rich resource base of knowledge on real estate sector, which is being updated through continuous research. This rich data base helps them to guide the customers effectively in providing fully integrated solutions to their housing needs on every aspect of housing, be it the location, price, design, quality, finance, etc.

In India the growth of real estate sector has been exemplary after the creation of Delhi National Capital Region (NCR). Every individual's dream of owning a house in Delhi NCR has become a reality because of multiple competitive offerings available on the price-quality quotient. Considering the growth potential, demand and affordability of the real estate sector in Delhi NCR, KED has decided to primarily focus on this region for the present.

Our specialization has been in the area of promoting societies and groups in the housing sector, particularly for the corporates. We have been providing integrated solutions from selection of location to completion of project keeping in view the specific requirements of the group/society.
