AN ECOSENSITIVE REDEVELOPMENT

ABOUT US

SOMETHING NEW IS ABREW... TRUST, TRANSPARENCY, & ETHICS

For over 64 years, we've been developing the finest quality real estate in Ahmedabad, Gandhinagar, Baroda, and Pune. We're recognised most for our rock solid structures, ecosensitive human-centric design, and easy-to-maintain minimalistic architecture.

But that's not all..

THE BRAND

The proof of the pudding is in its taste. A repeat customer is the greatest gauge of how good a business actually is. And when it comes to homes, people only become repeat buyers when they're REALLY very happy.

REDEVELOPMENT

We were pleasantly surprised when residents from a project we'd constructed nearly 35 years ago approached us to REDEVELOP their building.

To be chosen once is a privilege, but to be chosen twice is an absolute honour, and a matter of pride.

HERE'S WHAT HAPPENED

Our in-house architecture team hit the drawing board and masterfully re-architected the project to bring it up to speed with the times, while also adding a convenient commercial element to it.

THE PLAN

By the time we're done, the city will have a fresh highrise residential project with the ground and first floors dedicated exclusively to shops.

Located in the most coveted part of the city, this elegant apartment building will go up to 14 storeys high, and offer lovely city-views.

Because this project is in its early planning stages, we're able to offer the best ever prices to our patrons.

Closer to possession, these prices will jump phenomenally.

This is an investment opportunity you really don't want to miss out on.
