EXCLUSIVITY AT A GLANCE

Exclusivity by definition implies 'a privileged few'. So we started by keeping your neighbours to a minimum. In fact only a select few families will share your address. How's that for a start?

ENTERTAIN OR BE ENTERTAINED, IN STYLE

For the rare days you feel like stepping out of your apartment, opulence of a different kind awaits you. A multi-purpose room in all its splendour beckons you. Use it to throw some of the most stylish parties in town and make every event an occasion to remember. Let your guests will carry with them memories they'll cherish forever.

A LANDMARK IN THE MAKING

LET YOUR LIFE TAKE OFF

The idea of an unobstructed view is in itself a luxury in Mumbai city. Add the luxury of just a select few families being able to enjoy what you can and you know why we called this building Primeria. The building is a testament to exalted living and encompasses carefully thought out amenities that let you enjoy the finer things that life has to offer.

So the next time you reflect on your life while staring at the fabulous view of the airports runway, it'll be easy for you to understand why your life has also taken off.

You not only have the luxury of 3 and 2 BHKs, but you also have well ventilated spaces that gives you enough access to natural light, and cool fresh air. You can look up to high ceilings, and if you want to catch a stunning sunset, you just have to step out to your balcony. Immaculately designed spacious dining room, bedrooms and toilet add that special flourish to your apartment.
