Quality Standards

Quality, at SKYi, isn't a destination, it's a starting point. Which is why we don't look to merely conform to exacting standards; we're out to exceed them. When you walk past the door of a home here and say to yourself "Ah! That's nice", that right there isn't just an expression of how you feel, but a validation of all that we've done to make you feel that way.

The look of the floor you walk upon. The faucet you turn sideways every morning. The walls. The paint on those walls. Even something as little as a floor drain that doesn't hurt you when you walk over it. It should all make our stance on thoughtful design ring resoundingly true.

Legal Status & Project Approvals

SKYi believes in complete transparency and credits trust and honest practices with its decade long legacy. Real estate being a high investment sector requires a lot of care and research before investment. Quite often real estate projects land in statutory trouble. This raises one too many questions, in the customer's mind regarding the legitimacy of the project and the integrity of the developers.

At SKYi we understand this concern and have addressed all qualms in the form of this legal docket. This docket collates and presents all legal documents related to this project and expounds on its importance and legal ramifications. Legally speaking reinforces our commitment to you.

We will be happy to organise a meeting with our legal team & take you through all our documents, permissions & approvals.
