Summer garden, 20 mtr lap pool with Jacuzzi, Kid's pool & play area, Event lawn, Topiary, Amphitheatre, tree house, Cafe, Reading court, Tea court, Chess court, Activity lawn for yoga and picnics.

The SOLUS advantage

Situated on Jessore Road, SOLUS is just 15 minutes straight drive from the NSC Bose International Airport.

Adjacent to the area's largest shopping mall, 'Star Mall' that's almost a daily attraction to the people around. The mall draws film buffs, foodies to shopaholics. SOLUS beside such a shopping mall provides residents with seamless entertainment, leisure and comfort. Most importantly, it will make SOLUS a landmark in the area.

Just 500 meters from Narayana Multi-Specialty Hospital will provide assurance about emergency medical needs.

24 X 7 transport availability will make the place always commutable via road. Just a few minutes from Madhyamgram Railway station will make suburban train travel a dream. The upcoming New Barrackpore Metro will ease travel time to different parts of the city.

Outlets like Spencer's, Pantloons, INOX and others will satisfy your frequent shopping and entertainment needs. Daily market, is just a minute away.

Restaurants such as KFC, Buddha Bites, Oudh 1590, Mouchak ... surround SOLUS offering a choice of delicacies as well as quick bites for residents.

Reputed schools like Julian Day, Calcutta Public School, Euro Kids, Little Laureates ... are well close by and all other schools buses will pick up students from SOLUS gate.

Courts and activity lawn.

Indian Green Building Council features

Rainwater harvesting

A rainwater harvesting tank installed in SOLUS would collect the rainwater from the roof and ground floor areas and store them to reuse it for gardening and landscaping. This will not only charge and enhance groundwater levels and reduce water flow into drains but also reduce the potable water required for the project, thereby making it water efficient.

Solar power lighting for common areas

SOLUS will house solar panels. The energy generated from these will be able to cater to the lighting of the common areas of the building. This will make SOLUS immensely energy efficient.

Virgin greens

The site will be restored to virgin greenlands by adequate landscaping that will offer residents ample space for relaxation and play.

Waste and garbage disposal

SOLUS will recycle the waste water and reuse it for flushing in order to reduce the usage of potable water. The organic waste converter at SOLUS will help manage waste in a proper way and convert the kitchen and garden waste to manure and use it for the landscaping.

Limiting water waste

Low water flow fixtures specifically designed to limit water waste will help residents reduce water consumption.

Electric vehicle charging points

With rising fuel prices there is and will be a propensity to shift to renewable resources for vehicles. Which is why, the usage of electric vehicles are on the rise. A platinum rated building will have to have electric vehicle charging points to provide residents the provisions to charge electric vehicles. SOLUS will have 5% of the parking area devoted to this in the ground floor parking area.

GH platinum
pre-certified

Energy efficient lights

LED lights that consume almost 30% less electricity in comparison to other lights will help SOLUS reduce the energy consumption for the building making it energy efficient.

Sunlight and fresh air

SOLUS will have windows that are adequately sized to allow a lot of daylight and fresh air. Better indoor environmental quality will protect health, improve the quality of life, and reduce stress. In a way, it will also escalate the the resale value of the apartments.

Use of sustainable and certified material

A platinum rated building is made of IGBC-rated sustainable products such as FSC certified wood, AAC blocks instead of fly-ash, certified lifts and low VOC paints. The material undergo rigorous scrutiny, and the quality of construction is therefore much superior. This will directly impact infrastructure and living conditions of the residents at SOLUS.
