## Our success speaks

### Mr. Jerry Rao

Founder & Former CEO at Mphasis

After the airport came up, North Bangalore is suddenly more accessible. It's something nearer. It's something people can go to easily. SRK is a great group to develop this into a world class destination, for people to live, for people to have a great time.

### Mr Nikhil Singh & Mrs Aashita Singh

From the moment we set foot on the property, the picturesque landscape and lush greenery captivated us, and our decision to buy plots near the Nandi Hills in Bengaluru at 'The Earth' only became more certain. Seeing the successful execution of 'The Estates' project, we were inspired to invest in 'The Earth.' The attention to detail and thoughtful planning displayed in 'The Estates' assured us that 'The Earth' would be equally exceptional, if not more.

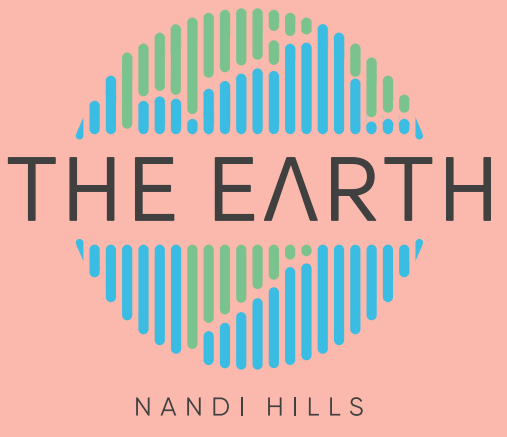

### Mr. Amit Verma

Vice president- Human Resources at Nvidia

Recently, I purchased a property in Nandi Hills - The Estates. From the moment I stepped in, I was captivated by the meticulous attention to detail and thoughtful design. The perfect blend of functionality and aesthetics amidst nature created a harmonious living environment. The quality of construction and modern amenities surpassed my expectations, leading me to invest in SRK's new project, the Earth.
