HERITAGE

## COME HOME TO THE CLASSIC

In the heritage quarter of our city, the years have left their mark. In our race to modernity, we have made comfort a thing of the past. Now, all we ask of the city that never sleeps is a place to call home. A place to live life as it should be. The time has come to rediscover the things that made life beautiful. Let's bring back living with charm. Meanwhile, in our vintage markets, the heart of Mumbai still beats on. Greenstone Heritage is a dream in that direction. The project, located in Mumbai's Crawford Market area, reprises the classical elevation of this heritage locale. Presenting six towers, the architecture mixes utility with heritage, bringing you a classical home with a modern heart.

## WITHIN THE COMFORT OF YOUR DWELLING, A WORLD OF AMENITIES AWAITS.

We welcome you to a multi-functional development the promises more than you can imagine. starting with the simple things that make life pleasant like sky gardens, walking paths and sitting areas, to the enjoyment of in-house restaurants and retail spaces. Our many facilities await to serve you and your family.
