PALAZZA CITY

by SJR PRIMECORP

on Sarjapur Main Road, near Wipro

DISCOVER WORLDS WITHIN

Golden Gate Bridge, San Francisco

Well-known Wonderland

There are several renowned landmarks around the world, from the Empire State Building in New York, to the Opera House in Sydney - and many places in between. But few of these are known for comfort and luxury. Palazza City, Bangalore's very own landmark, is the exception. A gated community of landmark proportions at an unparalleled landmark location on Sarjapur Main Road near Wipro, offering modern design, convenience, and blue-ribbon amenities. All of which makes it a great lifestyle-mark too!

Big Ben, London

Eiffel Tower, Paris

Palazza City, Sarjapur Main Road, Bangalore

The Great Wall, China

Opera House, Sydney

Statue of Liberty, New York

Prime Marks the Spot

Standing within Palazza City's calm enclave, one would never imagine its incredible location, right on Sarjapur Main Road, near Wipro. The road's strategic position relative to Outer Ring Road, Whitefield, Marathahalli and Electronic City, makes it the ultimate in connectivity with the IT zone. What's more, it's surrounded by some of Bangalore's finest schools, healthcare institutions and shopping centres.

These are just a few of the factors that ensure Sarjapur Main Road will remain an unparalleled neighbourhood in Bangalore. Locations don't get more prime than this, and yet within the community, life remains peaceful and relaxed, thanks to masterful design and planning.

Masterstrokes

The vast 11.58 acre property sets the stage for Palazza City's three towering G+19 floor apartment blocks. A generous buffer zone between the entrance and the buildings ensures that the 1, 2, and 3 BHK apartments are well insulated from the bustle of the outside world. A band of green on the periphery cocoons the buildings in the centre. The apartment blocks themselves adopt an open-courtyard design, offering greenery and fresh air even within. The design of the buildings ensures effective cooling and ventilation. Nestled around are landscaped open areas and gardens for relaxation, alongside the large swimming pool and the Clubhouse.

● Buckingham	● Eiffel	● Kremlin	● Opera House	● Sears	● The Burj
● Chrysler	● Empire State	● Louvre	● Petronas	● Taipei	● Westminster

Attitude and Altitude

Sleek, striking apartment blocks tower skywards above sprawling greenery. The high-rise G+19 floor structures and the stylish contemporary design means that every home has a great story to tell, regardless of which storey it's on.

Addresses of Distinction

The contemporary styling and design makes each of the eight types of homes striking to behold. Every apartment enjoys abundant open space, fresh air, natural light, and utmost privacy. Intelligent planning means that no space is wasted, maximising utility and freedom of movement.

*Eiffel Tower
15,000 pieces of iron, 300 steel workers, 40 tonnes of paint and five years
of toil produced the Eiffel Tower, a monument to mark the 100-year
anniversary of the French Revolution. Just like the Eiffel Tower, designers of
Palazzo City have given due importance to aesthetics, ensuring the higher
& 19 floor towers look striking and impressive.*

Statue of Liberty

A monument that is an icon of freedom, the Statue of Liberty is considered a symbol of harmony amongst ethnically and culturally diverse peoples. Palazzo City also celebrates this sense of community, bringing together people from across the country and the world.

3 BHK
SBA - 1665 sft

Think Design lends attention to detail and intelligently optimises space. A strategic room adjoining the living area offers the functionality of an entertainment niche or even an anteroom that enjoys the views of the balcony.

Great Wall of China
 As man-made structures go, few rival the sheer scale of the Great Wall of China, stretching over 21,000 km in length. However, while The Great Wall was intended as a barrier to keep people apart, Palazzo City serves as a structure to bring people together.

Innovative space planning allows for extra space which can be used as a TV / entertainment area, a cosy lounge, or even a guest room. Just one example of Think Design at work.

Enter the Lifestyle

As striking as Palazzo City's towers are to behold from the outside, that is just half the story. Step into an apartment, and the stylish aesthetics capture your senses. The airy, wide living and dining areas enjoy abundant natural light. The surprisingly spacious balcony affords enough room for a sit-out from where you can enjoy the brilliant views.

Actual shot of Model Apartment

Proportion Perfect

Thoughtfully planned ratios means the living room isn't just big in terms of area, but also well proportioned, creating the perfect television viewing experience for everyone, regardless of where they're seated.

Family breakfasts are always a joy, thanks to a modern kitchen that blends style and functionality in equal measure, with exceptional space for storage.

Think Design is our approach to architecture that not only improves the quality of everyday life, but also creates an experience of delight and wonder. From discreetly private bedrooms and balconies, to vibrantly refreshing landscapes, and world-class fittings and materials, Think Design takes care of the little things that matter much.

Better utilisation of space and resources, easier construction, smarter planning, simpler movement, and at the end of it all, a beautiful structure that's original and fulfilling.

COMMUNITY INTERACTION

All residential complexes are about community, with people from different backgrounds, from different parts of the country and the world, interacting, working, and living together. Our structures are planned to enhance this aspect of everyday life.

THE INDIVIDUAL QUALITY OF LIFE

We are sensitive to the ecological systems around us and constantly attempt to surpass the challenges of each project to adopt eco friendly practices that minimize our impact on the environment.

SOCIAL RESPONSIBILITY

Change needs to start with each of us. Only when we are contented can we contribute our utmost to community and society. Our holistic architecture addresses the needs of every person, including the elderly and the handicapped.

primecorp.co

At the heart of the ethos of SJR Primecorp is an unflinching desire to provide the utmost quality at a value that is in sync with global trends, the intimate needs of people today, and the environment. As an offshoot of the SJR Group, we are structured to provide highly differentiating projects to various urban needs - residential, commercial and hospitality.

In the last 40 years, since 1973, we have grown from being a provider of infrastructure solutions to developing properties that are today defining growth and prosperity in Bangalore city. From roads, to flyovers, airport terminals, and community centres, our achievements span the entire spectrum of solutions that any industrialised society needs.
