

Lotus 300

THE **3C**
COMPANY

CREATE | CARE | CONSERVE

It's time to adopt the pace of nature for a tranquil existence

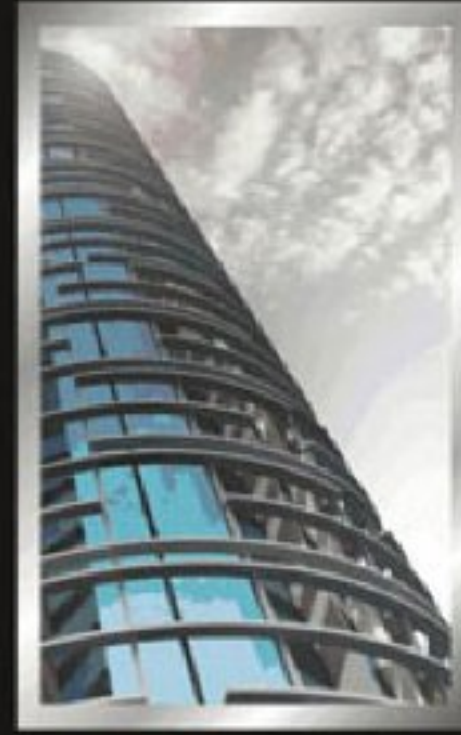

Define your

presence

in the coveted league of 300

It has always been like that. You spread the warmth of your exuberance to everyone around you. The spring in your steps injects vibrancy to the surroundings. While your achievements serve as lofty benchmark for many, you resolutely stride ahead to attain newer heights of excellence.

Prospective shown is tentative, subject to change & not to scale.

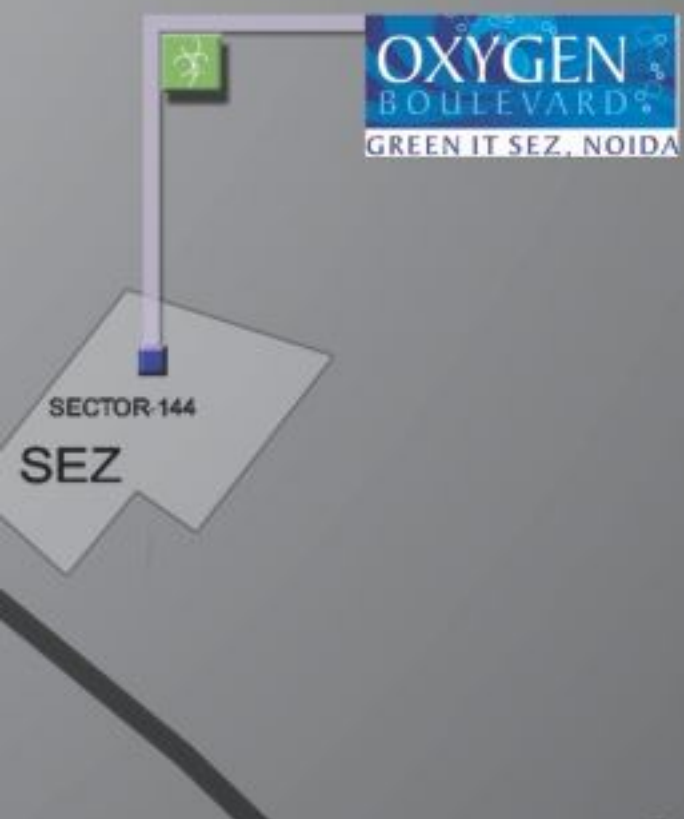

An unrivaled location meant exclusively for 300

A city bustling with life is host to an oasis of extraordinary living designed for someone as special as you. Lotus 300 embodies a new chapter in the most distinctive environs of Sector 107, Noida. The chic residential haven, an address to suave 300, stands tall opposite to the eminent Lotus Boulevard – The Largest Green Residential Estate. While you savour the best of amenities in the finest of surroundings with people close to your heart, the geographical delights of the region encapsulates panache, style and substance to augment every moment of your day. The nearby areas offer world-class educational and healthcare facilities, spectacular recreational avenues, while being only a short drive away from the corporate hub of Noida.

Approximate Key Distances:

DND Flyway	-	10 min.
Sector 18	-	10 min.
Sector 37 Golf Course	-	08 min.
Metro Station	-	08 min.
Lotus Valley International School	-	05 min.

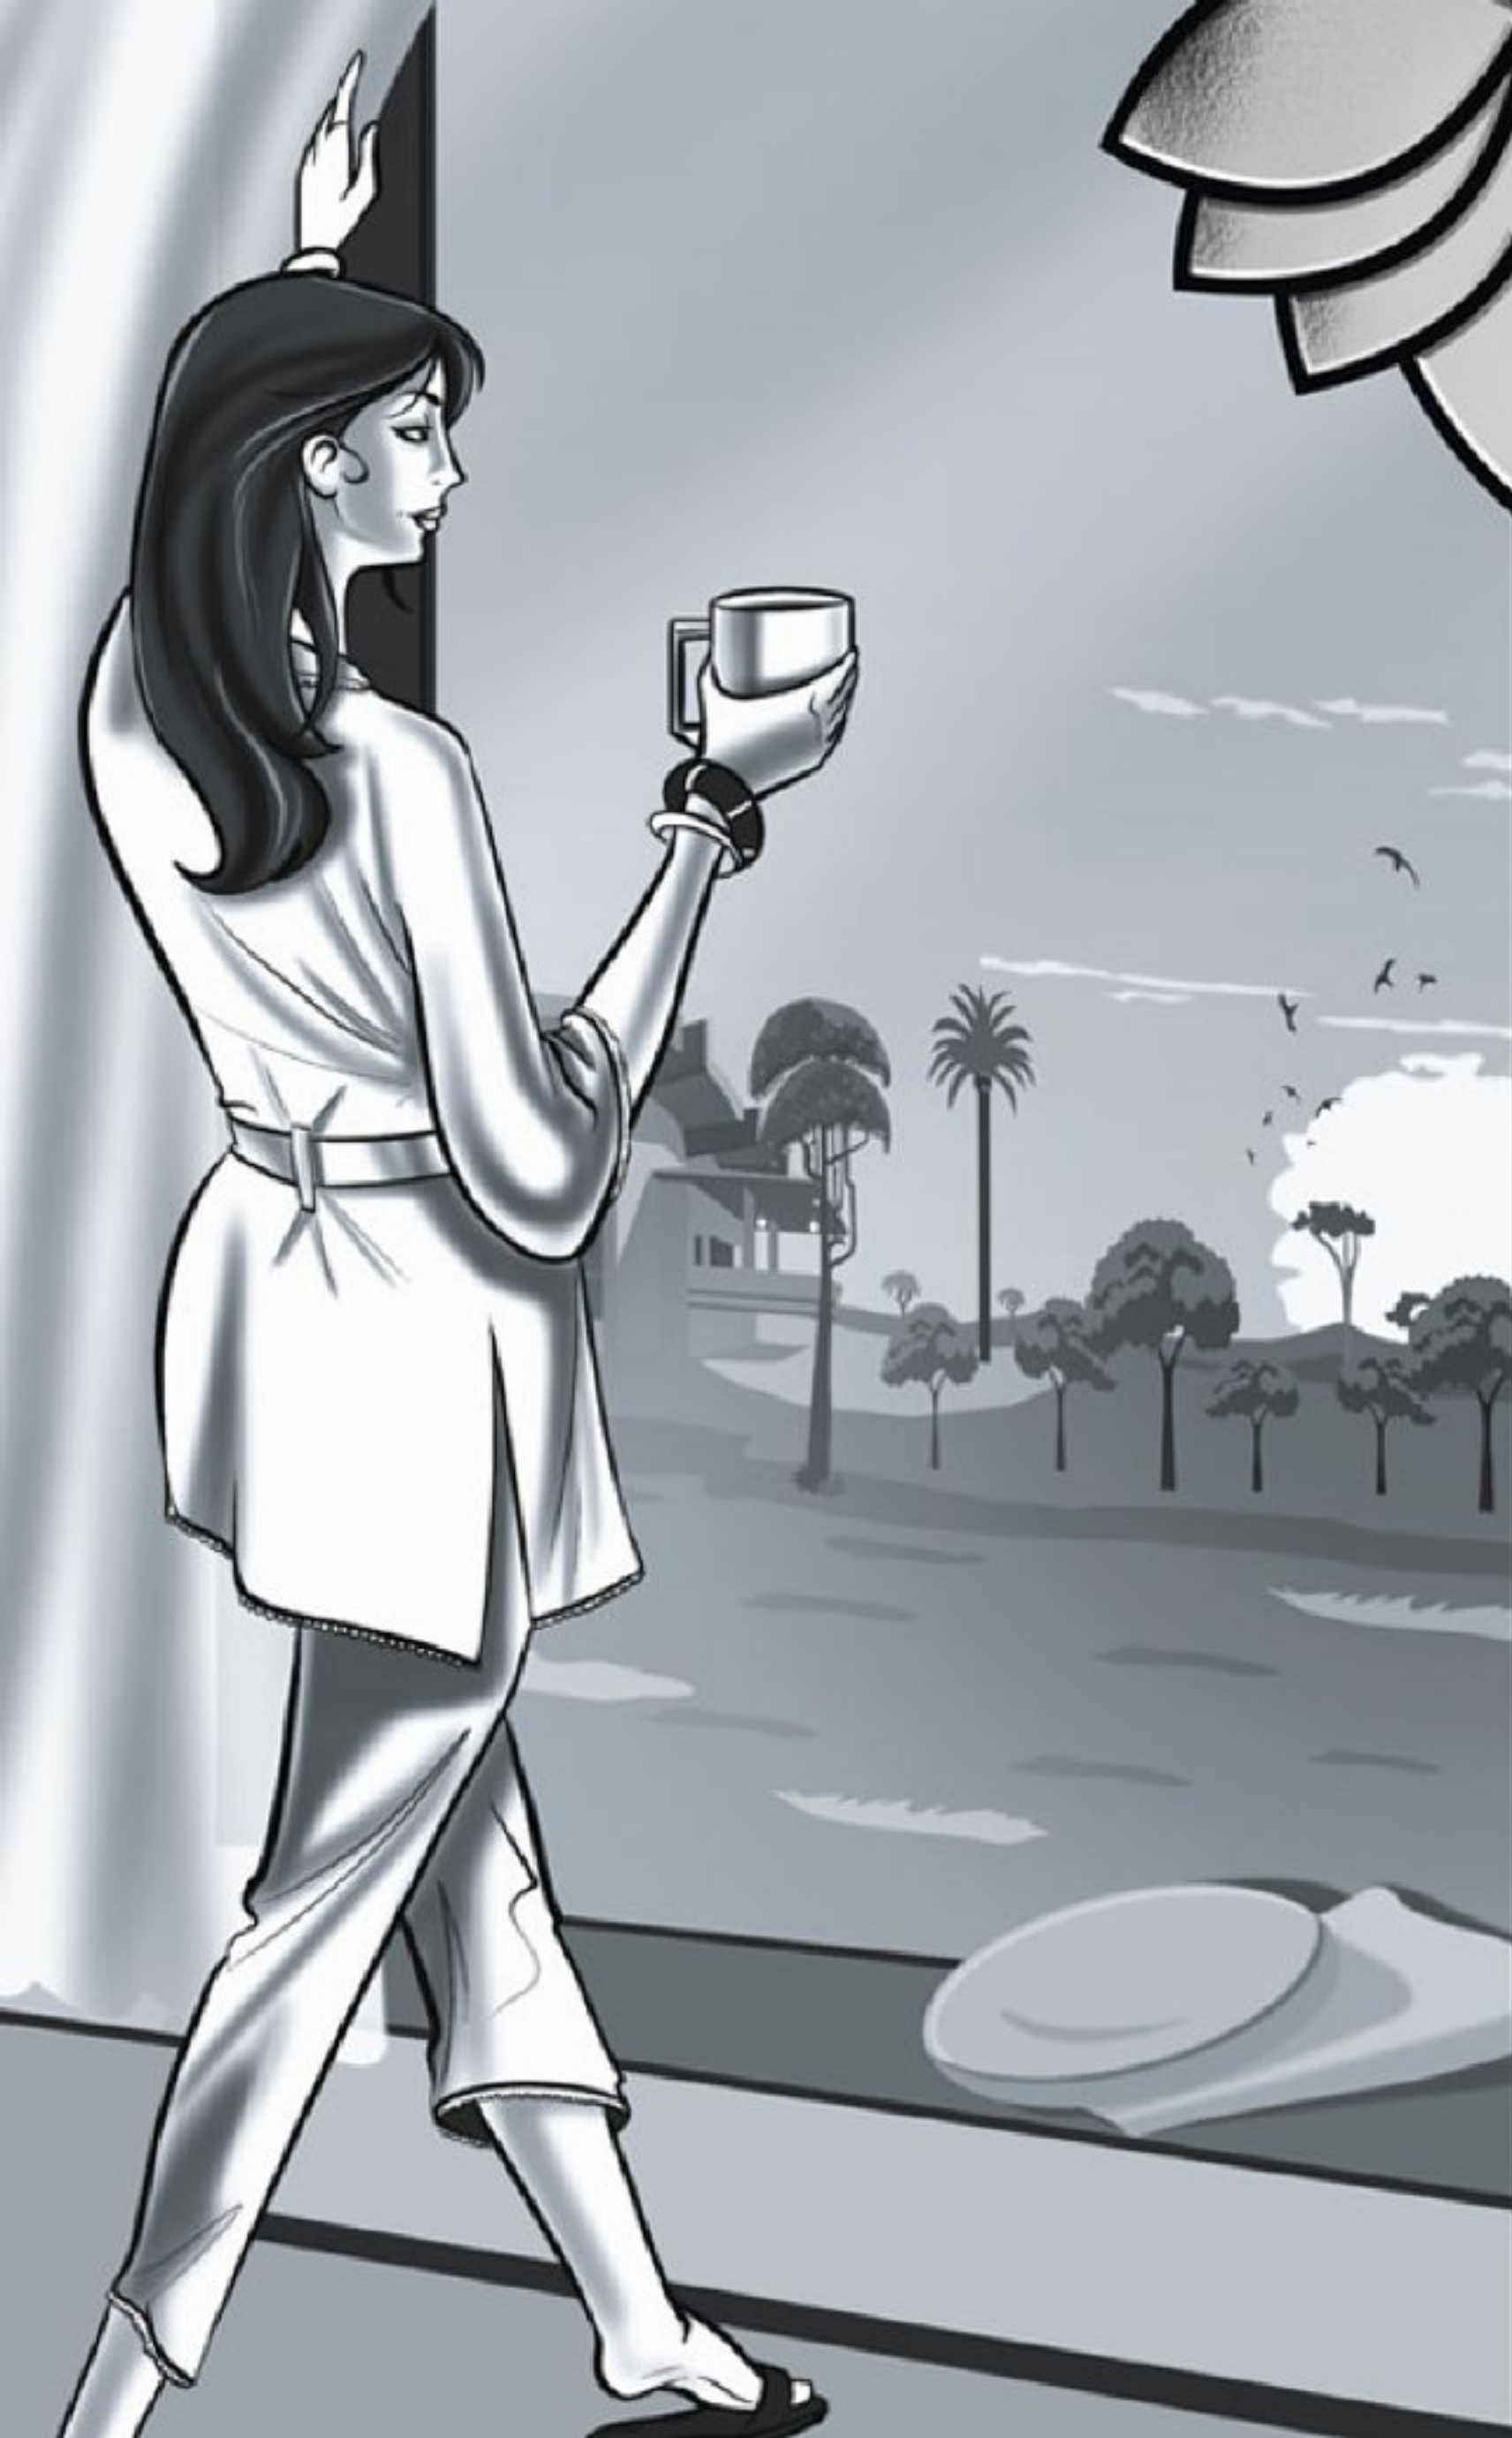

The 3C Company presents an address that truly reflects your spirit. Lotus 300 is a selection of exquisite condominiums, crafted within the framework of green architecture, especially designed for the select few. Limited to an exclusive 300, these apartments are nestled amidst the lively suburbs of Sector 107, Noida and are spread over an area of approx. 10 acres.

Experience a perfect medley of inimitable indulgence as this opulent residential estate showcases 3 & 4 bedrooms high-end luxury apartments and duplexes in varied options.

A cheerful mind, playful deeds, a wholesome experience and a relaxed soul, that is CLUB 300 for you, your tranquil escape from hard day schedules.

A Green Beginning Beckons

Unmatched privacy like never before

At Lotus 300, the privacy and the exclusivity of every apartment is paramount. Hence, only 2 apartments have been designed at each level to ensure perfect solitude for your mind.

The 3 sides open advantage

Apartments at Lotus 300 will be open from three sides, thereby maximizing cross ventilation and providing sunshine within the apartment.

Natural daylight that shimmer bright in your living spaces

Bathe in 100% natural light all across your house, which will also cut down your energy bills.

Cross ventilation that soothes your senses

Refresh your senses with fresh breeze wafting through every nook and corner of your house.

Heat reduction that cools you down

Insulated roofs substantially reduce heat ingress (up to 60%), thereby resulting in a substantial decrease in air-conditioning loads.

Sensor lighting that turns on your imagination

Enjoy highly reduced energy costs with sensor lights that switch on automatically when you are around in the lobby areas, thereby reducing maintenance charges.

Solar lighting for nature friendly minds

Save for yourself as well as for the planet with the latest in solar lighting system.

Vast expanse of breathtaking greenery

All balconies and windows have been specifically designed so that you could experience rejuvenating views of extensively landscaped areas from all directions.

Smart ideas that ensure cost reduction

Not only do you save precious water and electricity, but also enjoy huge monetary savings, thanks to our energy efficient mechanical and electrical equipments.

Water conservation for a pure life

The latest in water conservation fixtures and fittings, rainwater harvesting technology and low water consuming plants, let you save every drop of water you can.

Conservation of natural resources

0% Discharge Buildings for water collection, segregation and recycling of waste.

Wheel chair ramps for those with special needs

Lotus 300 has been designed to specifically care for people with special needs.

Feel charged with electric charge points

Go eco-friendly with electric vehicles and enjoy the facility of charging your electronic vehicle at various charge points, anytime.

Walk your way to health

A wide path dotted with blooming plants and manicured garden on both sides serve as an ideal walking trail/ jogging track for the fitness enthusiasts.

Green Certification No. : GH10 1114

THE **3C**
COMPANY

CREATE | CARE | CONSERVE

redfortcapital

The 3C Company

Driven by the motto of Create, Care & Conserve, each project of The 3C Company is developed from the cornerstone of fostering economical but ecologically sustainable growth. Having delivered more than 13 Million Sq. Ft. till now, The 3C Company is leading the bandwagon and heading the 'GREEN Revolution' in Delhi NCR with its niche developments.

While others measure their success by their land bank, we count the Green Buildings we are developing. The accolade of being the sole squad in the entire Asia Pacific, which has THREE PLATINUM & FOUR GOLD RATED LEED certified Green Buildings by the USGBC (United States Green Building Council), not only testifies the impeccable architectural excellence of The 3C Company but also echoes its concern for the environment. Green Boulevard, one of the Platinum Rated Green Buildings of The 3C Company, is under the process of getting Carbon Credits. This would be India's 2nd building to get Carbon Credits. The 3C Company's recently launched Green Residential projects in Noida – Lotus Boulevard, Lotus Boulevard Espacia, Lotus Panache and Lotus Zing, have not only brought a paradigm shift in the real estate sphere in the last one year but are also moving ahead at a fast pace to take the shape of Green Landmarks of Noida.

In a short span of time, the 3C Green family is now over 12,000 members, who have opted to contribute towards reducing the Carbon Footprint from Earth. The 3C Company's holistic perspective as a responsible corporate balances the development of NCR along with creating a healthier and greener planet. 3C's recent social campaign – Earth/Water is an effort to inculcate wider audience to "Preserve Earth and Conserve Water", thereby leading them to Think Green and Live Green.

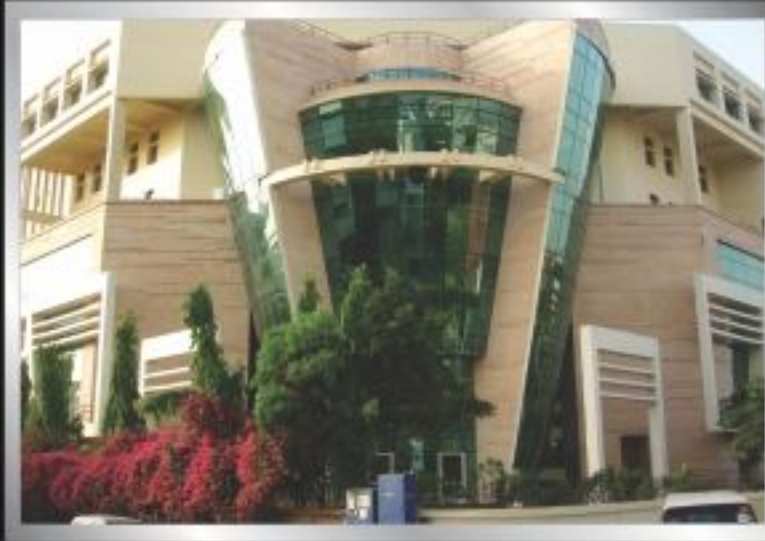

Red Fort Capital

Red Fort Capital is a global investment management firm that invests in private and public markets across asset classes with an emphasis on Indian real estate. Since 2006, the firm has invested in leading developments - residential, mixed-use and commercial spaces, all across India. With a team of highly qualified and experienced professionals from Indian and international real estate development, finance and capital markets, Red Fort Capital has a blue-chip list of investors consisting of global pension funds, insurance companies and sovereign wealth funds.

Red Fort Capital has collaborated with The 3C Company on several marquee developments in Delhi/ NCR.
