bachraj™ 
LEGEND 

FROM THE REALMS OF DREAMS...TO GRAND REALITY!

We are first generation real estate developers, at the forefront of the real estate growth story in the burgeoning western suburbs of Mumbai. "There is no place like home" is an adage we adopt as the very heart and soul of our development projects. Our work-which mirrors our ethos-is, reflected in all our projects.

Bachraj Developers is a family held concern, where ownership's involvement has given the business the right blend of personal touch and modern leanings. Our personal touch can be seen all aspects of our business, right from the materials we hand pick for our construction sites to our stress on establishing a personal rapport with our clients. We are the perfect blend of the traditional and the modern, with our professionally qualified partners with experience in construction and law and our highly experienced team of Architects, Engineers, Legal and Tax Advisors and Interior designers.

The Best Reasons To Invest in Virar, Mumbai

Virar, part of Palghar district; is a city where the quintessentially rural and the modern urban, co-exist. It is a fledging business district; which is well connected to Mumbai city by roads and rail connection, which has tremendously improved over the years. Virar is a suburb of opportunities; where horizons expand for businesses with vision, determination and the will to succeed. All the major offices and corporate houses are now moving to suburbs like Andheri, which makes areas like Borivali and Virar the first choice for home seekers, so they save time in their daily commute. In this melting pot of modern living and countryside charm, we have created a pivotal space in the real estate arena.

Our homes reflect the ethos of Virar city-built for a busy modern life,yet with their own unique laid back charm.

'Affordable housing' being our mantra; we believe in taking up few projects at a time, which ensures our close involvement with all stages of these projects. Stress on quality and strict adherence to time schedules is the reason behind our success.

Therefore we are proud to say "Building dreams-brick by brick"
