

M3M ™
WOODSHIRE

PEACE AND JOY, ACCENTUATED BY NATURE AND SERENITY

Created on the concept of providing a serene and tranquil environment, rich in greenery, with all the modern day facilities. M3M Woodshire is an oasis in a throbbing city, landscaped and designed so that you are nestled in nature and lead a lifestyle which is soul enriching.

Delve into the tranquil ambience of M3M Woodshire an exclusive community designed for splendid lifestyles amidst nature's bosom. Crafted on a pristine location, M3M Woodshire offers a unique living habitat replete with ultra-modern features, signature of M3M. The three side open apartments let you soak in the natural light and revel in fresh breeze, wherever you go.

THE CONCEPT OF NATURAL WOODS AND TREES

We have conceived an enchanted forest with selected trees for plantation within the gated complex of M3M Woodshire.

Boundary and access road side planting

Large tree with columnar form and dense foliage. Hardy and drought tolerant species planted in rows and clumps to create good and sustainable buffer.

Silver Oak

Known as Grevillea Robusta a graceful, evergreen, fast growing tall pyramidal tree gives bright golden yellow flowers in April-May. Ideal for planting along boundaries. Very hardy and drought resistant.

Pink Mohur

Known as Cassia Javanica a small to medium sized fast growing deciduous tree with large, spreading crown. It gives beautiful clusters of pink blossoms from April/May to June.

Pilkhan

Known as Ficus Infectoria a tall deciduous fast growing spreading tree with a rounded crown. Very hardy and fast growing. Leafless in March and copper red new leaves appear in April. Creamy white flowers appear in March-April. Excellent avenue tree.

Buffer and Service area planting

Large evergreen trees with good form and dense foliage, hardy species planted in rows and clumps to create good and sustainable buffer.

Hong Kong Orchid

Known as Bauhinia Blakeana a medium sized deciduous tree. Profusely flowering specimen hence highly popular. Flowers are magenta, purple. Flowering seasons are January –March.

Kachnar

Known as Bauhinia Alba a medium sized quick growing trees of deciduous/semi deciduous varieties. Profuse flowering specimen hence highly popular. Flowers are white, pink and purple varieties. Flowering seasons are October-March

ENHANCED QUALITY OF LIFE

Development consists of 18 midrise towers spread across 7.55 hectares (18.88 acres). Club facilities with Swimming Pools, convenience shopping blocks and a nursery and primary school form part of development.

Elders get better social life

- Emphasizes on the creation of social spaces
- Clubhouse instilled with innovative games and an environment of mutual bonhomie
- Creates continuous park and green systems within the parcels, linked with existing greens

Children get more space to play and explore

- The project layout provides variety of open spaces addressing the social needs of the residents such as tot-lots, courts & gardens.
 - The vehicular movement is Peripheral along with tower drop off and basement access creating central open areas free for pedestrian circulation
-

A conceptual image showing the roots of trees extending into the ground, symbolizing deep connections and partnerships. The top half of the image shows the trunks of two large trees and a strip of green grass. The bottom half shows a dark, cross-sectioned view of the ground with a dense network of golden-brown roots spreading out and connecting. The text "PARTNERS THAT MAKE IT HAPPEN" is overlaid in white on the left side of the root system.

PARTNERS THAT MAKE IT HAPPEN

Its work processes are founded on a cohesive international corporate culture that fosters collaboration. The synergy amongst its diverse work groups and projects promotes creativity, innovation and motivation.

Exemplary architecture

Architected to inspire a wholesome lifestyle, M3M's naturalistic design incorporates lifestyle elements. Large open balconies, spacious rooms and optimal carpet area make M3M Woodshire a delightful place to stay. The structure has been made to perfectly complement its green surroundings.

Co-existing construction

M3M Woodsire is being constructed to co-exist in harmony with its natural surroundings. Utmost care is being taken to keep the natural eco system of the surrounding intact using efficient materials and technologically advanced constructions tools and techniques.

IMMINENT LOCATION. EMINENT DESTINATION.

Dwarka Expressway: the upcoming hub of modern developments Sector 107, Gurgaon

- Located amongst sylvan green surrounding
- Proximity to Diplomatic Enclave
- 75% area demarcated as “public utility zone”
- Located on 60 mts. wide sector road

Witness the rise of a new sub city
Dwarka Expressway, also known as Northern Peripheral Road, will connect Delhi to Gurgaon. The road is in its final stages of construction now. Once operational, the road will drastically reduce the travelling time between the two states of Delhi and Haryana.

Advantages to commuters
Dwarka expressway and Southern Peripheral Road combined will form a ring around Gurgaon, thereby allowing better intercity traffic movements and decongestion of NH8.

Be a part of a new living ecosystem
Proximity to national highways, International Airport and metro connectivity has made Dwarka the emerging sub city of Delhi. Indian Government has already announced a new diplomatic enclave in Dwarka with at least 39 diplomatic missions in the process of being set up here.
