Sterling Stories

"Staying at Sterling Shalom in Kundalahalli area has been a good experience so far especially due to its location. The daily needs can be found within minutes of walking. This is one of the reasons why I decided to buy it. The society itself is very co-operative and we share a friendly relationship with the neighbours. The flats have good access to sunlight and wind. I appreciate the designing and construction efforts that have been put in the project. I would recommend Sterling Developers to others since I found them reliable and trustworthy."

Mrs. Shilpi & Mr. Dhananjay Gupta
Sterling Shalom - Phase 2

My experience with Sterling Developers has been nothing short of wonderful. I was closely involved with them to purchase a flat at Sterling Brookside for a friend. I was thoroughly impressed by the transparency of the deal, and the layout of the apartment, and the A-class material used in construction. Recently, when I was looking to buy an apartment for myself, I had no hesitation in choosing Sterling Ascentia on Marthahalli-Sarjapur Outer Ring Road. I found the same high level of transparency and professionalism in my dealings with them; even after so many years. Sterling name with STERLING values indeed!

Noshir Shroff, Director - Pharmed Limited
Sterling Ascentia

We live in Sterling Terraces at Banashankari and absolutely love it. This was our first home purchase and we literally struck gold. We consider ourselves living in a garden retreat rather than an apartment complex. The Design, Layout and Construction Quality delivered are par excellence. The crown jewel is our gardens which have won many accolades and awards and is a joy to experience. We would strongly recommend Sterling Developers to anyone who aspires for a home which can be cherished for a lifetime.
