YOUR CHOICE

Rather than moving into a non-customizable villa, you can build a home of your choice. Choose your own floor plan, design, materials, interiors and exteriors, and move into a home that's uniquely you.

WE OFFER

Plots at Serenity offers you the freedom to build a home that meets your taste and requirements, while you still enjoy the convenience of community living and also gives you an opportunity to exit your investment with great returns.

WE PROTECT

Living in a gated community also protects you from unchecked development. We limit construction of residences to a maximum of three floors. Which means that your home will always be assured of light, ventilation and space, no matter what your neighbours build on their plots.

FLEXI**BILITY**

Finally, even if you aren't ready to build a home right now, you also have the financial flexibility to beat escalating property prices by buying a plot now and constructing your house at your own pace.

A thoughtfully designed plotted community which Welcomes you and your guests with lush greenery, ample open spaces and wide roads.
