

EDEN HEIGHTS

TAKING LIFE TO PERFECTION

SOHNA ROAD, SECTOR - 70, GURGAON

Here are people who move on with life.

Go where it takes them.

For good. Or otherwise.

Then there are those who move up in life.

So that they can leave compromises way below.

And be where imperfection doesn't dare.

Because perfection is designed by none other than nature herself.

Come embrace the heights.

Move up.

As an emerging economic superpower, India today is throwing open huge opportunities in various developmental areas including infrastructure and construction. Visionaries like Shri K.L.Gupta, who is also the central pillar of GPL, were early to foresee them and concert their efforts to cash on them. He along with Mr. Sandeep Gupta formed GPL and in no time emerged as crucial players in real estate, construction, hospitality and project management. Shri K.L.Gupta is backed up by more than forty years of experience in the business of construction and real estate and has been behind a number of high-rise residential apartments, corporate offices, hotels and shopping malls across India.

GPL is committed towards transforming the master plan vision into exclusive homes, spaces and environments. For us at GPL every project is for a lifetime. That's why GPL believes in

maintaining relationship with every customer, partner and business associate by way of ever-accessible professional support. Driven by a strong belief for constant improvement and global quality standards in construction GPL is ready for an exponential growth.
