Welcome to Skylark Mansions Pvt. Ltd. – one of Bangalore’s leading real estate developers. Established in 1992, Skylark has, over the years, built a strong foundation by creating a host of residential and commercial projects that suit individual requirements. From row houses to commercial complexes, from mid-size apartments to high-end luxury villas, every project of ours has been developed keeping in mind quality, luxury and convenience.

No wonder, our customers vouch for us even today.

Now, almost after two decades of providing residential and commercial spaces, it comes as no surprise to us that the list of our customers is ever increasing. That’s because, besides quality and luxury, we emphasize on after-sales service too. We also

ensure every project we lay our hands on creates a unique identity for our customers.

An identity they can be proud of.

An identity they can flaunt.

An identity they can call their own.

To put it in simple words, we don’t just build homes.

We build relationships as well.
