

THE WORLD AT YOUR FEET

**Lake facing 3 & 4 bedroom luxury homes.
Next to The Zuri, ITPL Main Road, Whitefield**

Images used are representational.

WHAT COULD WE CALL THIS HOME BUT EXQUISITE?

This is a home that celebrates that heady feeling of success. Slim towers rise in a graceful semi-arc up into the skies. On one side is the beautiful Hoodi Lake. While on the other, is the chrome and glass of multinational offices.

On the ground floor are landscaped gardens, an outdoor swimming pool, clubhouse, health club and more.

It truly feels great to live above it all - and to have the world at your feet!

EXQUISITE ON THE OUTSIDE. AND INSIDE AS WELL.

Images used are representational.

Only a select few would be privileged to call these exquisite apartments, home. 4 sleek 24-storey towers rise in an arc overlooking Hoodi Lake. Within are 3 & 4 bedroom, expansive homes ranging from 1820 to 2850 square feet, thoughtfully designed with every luxury you could possibly want.

Take a look at the finer details: the extra-high ceilings, hand-picked marble, the glass on the balconies, and many more. These homes are as luxurious as the Zuri Hotel next door. Only they come with your personal touch.

LUXURIOUS SWIMMING POOL

WHAT'S MORE EXQUISITE THAN A SUPER GAME? A SOOTHING MASSAGE AFTER.

Way below your home in the sky, on the ground level, is a spacious, international-style clubhouse, a luxurious outdoor swimming pool, a gym and a health club.

Lob a tennis ball with a friend. Play basketball with the kids. Unwind after, with a fresh lime at our clubhouse. Or book yourself in for a relaxing massage.

When you need 'me-time', take a stroll in the gardens. Enjoy music, overlooking the placid waters. Or do a headstand at our yoga class. And literally have the world at your feet.

Images used are representational.

Vaswani Exquisite has been conceived so that you can enjoy the best the world has to offer, under your roof.

But in case you need to step out, you have work (ugh!) close by. As is world-class entertainment, shopping and more.
